Portfolio

PROFESSIONAL SUMMARY

Data Analyst with practical internship experience at AMANCO covering the full analytics cycle — data extraction, cleaning, modeling, and visualization. Proficient in Python (Pandas, NumPy, Matplotlib), SQL, Power BI, and Tableau. Track record of delivering dashboards and reports that directly influenced business decisions. Graduating 2026 in Management Information Systems. Certified by IBM and CompTIA.

WORK EXPERIENCE

Data Analyst Intern — AMANCO | Jeddah, Saudi Arabia | 2025 – 2026

- Processed and cleaned 10,000+ records using Python (Pandas & NumPy), reducing data inconsistencies by ~40%.
- Built 5+ Power BI and Tableau dashboards tracking operational KPIs, adopted for weekly management reviews.
- Developed 20+ SQL queries for data extraction and aggregation, cutting ad-hoc reporting turnaround from days to hours.
- Ran EDA that surfaced 3 previously untracked operational trends; findings were presented in a formal management report.
- Automated 4 recurring data preparation pipelines with Python scripts, saving the team 5+ hours per week.
- Collaborated with cross-functional teams to translate business questions into clear, data-driven deliverables.

EDUCATION

Bachelor's Degree in Management Information Systems

University of Jeddah | Expected Graduation: 2026

- Applied data analysis techniques to real-world business problems, supporting management decision-making.
- Practical skills in database management, system analysis, and cybersecurity fundamentals.

TECHNICAL SKILLS

Languages & Libraries: Python (Pandas, NumPy, Matplotlib, Seaborn), SQL **BI & Visualization:** Power BI (DAX, Dashboards), Tableau, Microsoft Excel (Advanced, PivotTables) **Data Skills:** Data Cleaning & Wrangling, EDA, Statistical Analysis, KPI Design, Automation **Other Tools:** IBM Data Analysis Tools, Microsoft 365 Suite
